

SOURCING

SHARKK

*SOURCE
ANYTHING
FROM ACROSS
THE GLOBE!*

www.sourcingsharkk.com

We are a proud team of sourcing consultant who has helped companies across the globe, to source over number of products from the India as well as other market. As a leading sourcing company in India, we exclusively fulfil the sourcing needs of our clients by providing end-to-end strategic sourcing solutions.

We have built a highly stable network of suppliers and have helped globally renowned companies gain a competitive edge in the industry, resulting in an increased market share.

All this backed by a wide network of logistics partners and an authentic supplier database, we boost ourselves as a reliable Product Sourcing Agency from India.

Your involvement in the sourcing process will be to share requirements, review quotes, review sample and receive timely delivery of goods. We shall take care of the rest; process of getting quotes, evaluating factories and managing the complexities of manufacturing and shipping all through a single reliable partner.
